

GBC® AdvancedPunch™

Expand your Xerox® 4112™/4127™ family and Xerox 700 Digital Colour Press finishing options to produce a wider variety of print jobs

The new GBC AdvancedPunch for the Xerox 4112/4127 Family and the Xerox 700 Digital Colour Press lets you create professionally bound documents in-house by combining printing, punching and collating into one convenient step.

Xerox 4112/4127

Xerox 700 Digital Colour Press

Features

- Enables inline printing, punching and collating for ready to bind offline applications
- AdvancedPunch module is fully integrated with the printer
- Select from various interchangeable (optional) die sets for popular binding styles; no need for offline manual punching
- User-friendly replacement of die sets without need for levers or tools
- Supports punching of pre-cut tab stock to create punched applications such as manuals, guides or planners

Benefits

- Maximise productivity and lower overall cost of production; reduces setup time and cost associated with manual finishing by providing ready-to-bind documents at the touch of a button!
- Add style and versatility to bound documents; up to eleven common punching styles produce ready-to-bind documents at rated speeds
- Easy to create professionally bound documents in-house for commonly used offline binding styles
- Designed for walk-up users or for production professionals

Power Requirements

- 220 Volts, 50 Hz

Dimensions

- 305 mm Width
- 978 mm Height
- 724 mm Depth

Weight

- 70 kg.

Paper Type

- Coated and uncoated

Paper Weights

- 75 gsm – 216 gsm, Uncoated
- 106 gsm – 216 gsm, Coated

Paper Size (min./max.)

- A4 Long Edge Feed
- Bypass mode up to 330 mm x 488 mm

Punch Type

- Customer replaceable die sets

Note: GBC AdvancedPunch requires the Interface module and follow on finisher – High Capacity Stacker or Booklet Maker Finisher/Light Production C Finisher. The Standard Finisher is only available to 4127/4112.
