

Replacement Cartridges for Lexmark Printers T644

You purchased your Lexmark monochrome printer for print quality and productivity. Xerox replacement cartridges offer excellent image quality, performance and value—from a brand you trust.

Xerox invented the all-in-one cartridge and has decades of experience with this technology. We have dedicated xerographic engineers around the world focused only on the design and testing of our cartridges. Put our knowledge and expertise to work for you.

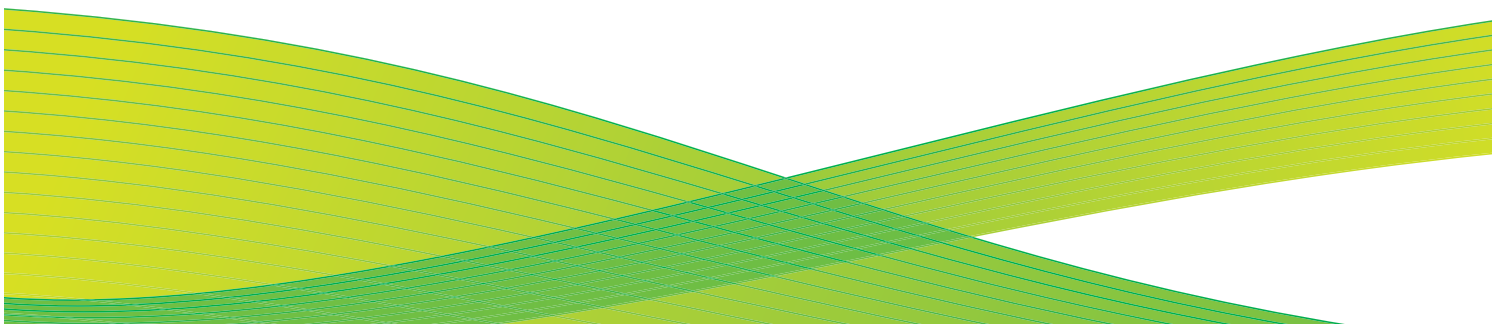

Get More for Your Money

- Lexmark-equivalent image quality and performance at an affordable price.
- Plastic components meet DIN33870 standards for service life, safety and quality: they are used only once more after original OEM usage.
- Quality Management standards conform to ISO9001.
- Forward and backward compatible with all Lexmark Prebate, Return Program and standard OEM cartridges.

Expect More with the Xerox Total Performance Warranty

- Print yield equals or exceeds Lexmark stated yields.
- All cartridges are warranted to be defect-free for the life of the cartridge.
- Lexmark printer warranty cannot legally be invalidated through use of this cartridge.
- Should a cartridge damage your Lexmark printer, Xerox will pay costs to bring the printer back to its original performance standard.

Product Description

Replacement Cartridges for Lexmark T644

Xerox Part Number	106R01559
Replacement For	Lexmark Printers: T644
Lexmark Cartridge Part Number	64435XA
Lexmark Return Program Part Number	64415XA
Length	14.2 inches
Width	7.7 inches
Height	12.4 inches
Weight	6.4 pounds
OEM Yield:	32,000
Xerox Yield @5% area coverage	32,000
Unit Bar Code	0 95205 76455-0
Units/Pallet	30
Target Segment	Mid-to-Large Size

Do More to Protect the Earth

- Cartridges are made using new and remanufactured components—delivering quality equal to the OEM.
- Boxes are earth friendly recyclable.
- Manufacturing plants comply with REACH and RoHS regulations.
- Production sites are ISO14001 accredited for decreased environmental footprint and reduced waste.

Triple Tested to Meet the Highest Standards—Yours

1. Engineers test each cartridge during design in stressful office climate conditions to ensure performance.
2. Every cartridge is print-tested on the manufacturing line to ensure quality.
3. Periodic, random cartridge audits ensure consistent quality each and every time.

Xerox carries a full line of cartridges for OEMs such as HP and Brother, as well. Check our website for more quality and value:
