Xerox® 7142 Wide Format Printer with FreeFlow Accxes Controller Flexibility-creating opportunity

Make your shop more productive with fast, high-quality, low-cost colour printing.

The Xerox® 7142 Wide Format Printer offers you a low total cost of operation, impressive speed and consistently high-quality imaging.

A solution that makes it easy for you to add colour to all of your Computer-aided Design (CAD) applications.

The Xerox 7142 with the FreeFlow Accxes controller allows you to produce 1.4 A1-sized CAD colour documents per minute.

The FreeFlow Accxes controller gives full network connectivity, support for a wide range of CAD file formats and drivers for the latest Windows versions. The FreeFlow Accxes Controller allows for accurate rendering, seamless integration to existing workflows and upgradeability.

FreeFlow Accxes Controller adds productivity-enhancing features making

The Xerox 7142 with the FreeFlow Accxes Controller is a versatile solution for your needs today – and beyond. By fully integrating the latest in FreeFlow Accxes Controller technology, you gain efficiencies such as:

- Concurrency – receive and RIP a job, print and view the Web Printer Management Tool simultaneously.
- Easy-to-use client software – utilise tools such as the Document Submission Tool that make printing complex jobs and system administration simple.

- Media mapping/auto rotation – automatically centre and rotate the image to make best use of the media loaded in the machine.
- Image overwrite – image files are automatically erased for security.
- InstantAccxes – drag and drop documents into Hot Folders for a streamlined workflow from anywhere on the network.

Increase your uptime with easy, on-the-fly, hands-clean CMYK ink refills.

You'll experience consistently high-quality imaging and less downtime with piezo CMYK variable drop inkjet heads.

Intuitive user interface makes it easy for everyone in your office to use.

Versatile media choices – load up to 1,080 mm-wide media.

Easy printer access for paper loading, serviceability and more.

Expect great colour images in under a minute

The Xerox 7142 with the FreeFlow Accxes controller gives the ideal solution based on quality and speed; at the highest print speed an A1-size colour print is produced in 44 seconds. Variable CMYK droplet sizes combined with higher resolution printing delivers outstanding image quality, fine lines, continuous tones, gradations and solid colours across the wide array of media supported.

Watch your costs go down...

You'll spend less on paper and ink while boosting your productivity with the Xerox® 7142 Wide Format Printer. You can produce excellent output on inexpensive uncoated paper, reducing your cost per print significantly. And our CMYK variable droplet piezo head technology delivers high-quality images while minimising your ink costs.

...while your productivity and reliability go up

You'll save time – and increase your uninterrupted uptime – because our inkjet heads do not require periodic replacement. These durable heads provide consistency and dependability in your production environment. Reliable media feeding and cutting systems, coupled with an automated ink supply system, eliminate steps and enhance unattended printing.

You can rely on industry-leading service and support

We support your entire solution, from the Xerox 7142 Wide Format Printer to media and consumables. Our service professionals are Xerox trained and responsive – they are available day in and day out to ensure you are receiving the maximum return on your investment.

Put it right where you need it

With a sleek, compact footprint, you can put the Xerox 7142 Wide Format Printer where it will be most convenient for you, saving you extra steps and wasted energy. It features a Windows driver, so it's a fully integrated network solution. This user-friendly print driver makes it easy for you to render and spool the job to the printer.

The total support you need

We support your entire solution, from printer to media and consumables. Our worldwide network of award-winning service professionals is always ready to help you make the most of your Xerox solution and help you grow your business.

Ideal for a variety of applications

The Xerox 7142 Wide Format Printer enables you to quickly produce high-quality, colour prints.
