Xerox® EX C9065/C9070 Print Server Powered by Fiery®

Get the high performance needed for higher value jobs with the Xerox® EX C9065/C9070 Print Server for the Xerox® PrimeLink® C9065/C9070 Printer

BOOST YOUR PRODUCTION AND PROFITS

Easily handle heavy workloads and provide faster turnaround times with the most powerful DFE for the Xerox® PrimeLink® C9065/C9070 Printer.

OUTSTANDING COLOR, EVERY TIME

Fiery Edge™ profiles deliver stunning color with the smoothest color blends, maximum shadow details, and superb image definition. Add the optional Fiery Graphic Arts Pro Package to produce the most accurate brand colors, correct images on the fly, and generate soft proofs.

XEROX® ADAPTIVE CMYK PLUS TECHNOLOGY

Paired with the Xerox® EX-i C9065/C9070 Print Server, Xerox® Adaptive CMYK Plus Technology opens new opportunities in one of the fastest growing segments in print – specialty printing. It is sold as an accessory and engineered to augment the traditional cyan, magenta, yellow, and black (CMYK) offering and deliver specialty embellishments on demand.

The accessory expands the device's color capabilities with fluorescents and metallics, white and clear, transforming one printer into three. This technology opens new doors to growth, allowing printers and creatives in all fields to produce brilliant and unique pieces such as greeting cards, flyers, invitations, posters, and signage.

REDUCE ERRORS AND WASTE

Reduce setup time and cut waste with Fiery JobExpert™ — a built-in feature in Fiery Command WorkStation® — that automatically analyzes incoming PDF files and dynamically chooses optimal Fiery print settings.

A SECURE, INTEGRATED PRODUCTION ENVIRONMENT

Built on the Microsoft® Windows 10 platform, the EX C9065/C9070 Print Server complies with customer security requirements such as FIPS 140-2. The server features standard JDF connectivity, with Xerox® Standard Accounting Feature and automate cumbersome task with support for Xerox® ConnectKey® Apps, and is compatible with the Xerox® Global Print Driver®.

SPEED UP MAKEREADY

Easily perform complex document preparation using the intuitive Fiery Impose-Compose, and the optional Fiery JobMaster™.

TURN UP THE IMPACT WITH PERSONALIZATION

With Fiery FreeForm™ Create, you can quickly personalize existing files for free. Add variable elements such as text, images, or barcodes with just a few clicks. Fiery FreeForm Create also works with Xerox® Adaptive CMYK+ toners for extra variability and personalization. Plus, the Fiery server supports industry-leading VDP formats like PDF/VT-1 and 2, PPML, VPS, and Xerox® VIPP® Language.
