xerox ®

Xerox® 2-Knife Trimmer

Quickly produce professional-looking booklets, manuals and reports with one inline finishing solution.

Create full-bleed booklets on your Xerox® Colour 800i/1000i Presses, Xerox® Versant® 2100 Press and Xerox® Versant® 80 Press. The Xerox® 2-Knife Trimmer Module provides a head and foot trim and is designed to work in combination with the Xerox® SquareFold® Trimmer Module. This inline solution produces professional-looking, full-bleed, flat booklets on a relatively small footprint and is perfect for a wide range of on-demand applications.

Features

- Provides full-bleed trim for square fold booklets made on the Booklet Maker/Finisher with SquareFold (and Face) Trimmer Module
- Inline solution to minimise operator intervention and ensure booklet integrity
- Operates from a unique interface (no DFA required)
- Produces booklets with up to 25 sheets of 80 g/m²
- Does not affect productivity and functionality of the booklet maker or impact communication between the booklet making system and printer
- Reliable, robust design
- Trim dimensions can be adjusted quickly and with precision
- Asymmetric trimming option
- Produces booklets up to 5 mm thickness

Benefits

- Gives a professional appearance by trimming all three sides of the booklet (whether or not the spine is squared up)
- Easy to use digital display for job setup
- Can store up to 10 job setups in memory
- Designed for long production runs without the need for operator intervention
- Provides improved ergonomics – finished booklets are delivered at waist height, eliminating the need for bending to retrieve output

Xerox® 2-Knife Trimmer for Xerox® Colour 800i/1000i Presses, Xerox® Versant® 2100 Press and Xerox® Versant® 80 Press.

Power Requirements

- 120-230 V
