

**NEXT LEVEL PRODUCTION IN A HIGHLY COMPACT FOOTPRINT.**

The Trivor 2400 is the highest performing small footprint production inkjet system on the market today, making it a perfect addition to shops with limited floor space or those in need of additional, reliable production.

Get more out of every square inch of their production space with the press' 20" web, which delivers 2-up duplex printing in a single tower. That's serious production without serious overhead.

**HIGH-QUALITY, PLAIN-PAPER PRINTING.**

High Density inks are optimised to produce vibrant quality across a wide range of media, including low-cost plain, uncoated stocks.

**TRANSACTION**

White paper workflows eliminate pre-printed shells and allow personalised advertising opportunities on statements.

**DIRECT MARKETING**

The use of data to drive relevant offers helps you help marketers address rising postal costs and produce more targeted, higher-value mailers.

**BOOKS**

Flexible print solutions make it easy to support publishers' inventory management strategies in the face of declining volumes.

# Be ready for tomorrow's innovations.

The Trivor 2400 continues our scalable development strategy with a newly designed transport base and enhanced dryer technology that ensures you get maximum investment protection.

- Upgrade from monochrome to colour.
- Add speed and resolution options.
- Continue to expand your media range.
- Upgrade with future innovations to support applications such as catalogs and magazines.
