

# Xerox® Tape Binder

## Professional looking documents made easy

Produce professional-looking documents, easily and cost-effectively, with the best performance in black and white. Now you can have it all: the high speed and crisp image quality of the Xerox® Nuvera, Xerox® D Series Copier/Printer and Xerox® D Series Printer with the value and convenience of inline thermal tape binding.

The benefits of a complete suite of inline finishing options are once again expanding to include fully automated tape binding – with the power and versatility offered by the Xerox® Nuvera 120/144/157 EA Digital Production System, Xerox® Nuvera 200/288/314 Digital Perfecting System, Xerox® D Series Copier/Printer and Xerox® D Series Printer. The Xerox® Tape Binder adds greater scalability and finishing flexibility to these Xerox® devices, enabling you to quickly and easily assemble and bind books for a polished, professional look.

The Xerox® Tape Binder is a modular accessory. It can accept processing from the printer to produce tape bound sets in-line or, when not in use, allow sheets to simply pass through to other finishing alternatives. The tape binder finisher binds A4-sized documents from 15 to 125 sheets. Tape colour options are black, white and dark blue. There's even a tab option with the Xerox® Tape Binder, so you can insert tabs to define sections in your tape-bound books for easy navigation.

With Xerox® EA toner, black and white documents take on a whole new image with higher resolution, image permanence and a smooth offset finish that makes text, photos, charts and diagrams crisp and clean. Xerox® Nuvera offers unsurpassed image resolution, at 4800 x 600 dpi with up to 156 lpi, and the Xerox® D family offers image resolution at up to 2400 x 2400 dpi and up to 150 lpi. This, combined with a wide media latitude, helps you achieve a new level of quality with every black and white document you produce. And now the Xerox® Tape Binder offers yet another cost-effective inline alternative to finish the job.

## Xerox® Tape Binder

Convenient control panel

Easy-to-load tape cartridges

### Easy access for easy operation

Operating the Xerox® Tape Binder is easy, with controls that are designed to allow you to define job settings, view status and perform basic operation right at the point of need: the tape binder's Operator Control Panel. Changing binder tape strips is easier than ever with convenient, easy-to-load cartridges.

### Binding and finishing options abound

For Nuvera products, the Xerox® Tape Binder can be used with the Xerox® Basic Finishing Modules for standard stapling and stacking applications along with an entire host of other third-party finishing alternatives. It has been designed to run in two modes: Binding Mode or Bypass Mode. In Binding Mode, the unit performs its finishing function by assembling and binding books with the adhesive binder tape strips. In Bypass Mode, the finisher uses the bypass transport to simply pass sheets along to a variety of third-party finishing devices, to accommodate alternative tasks that range from hole punch, stacking, folding, cutting, booklet making, perfect binding and more.

### Tape binding benefits:

- The tape binder offers a convenient binding solution when documents exceed traditional stapling capacities. And tape binding adds an aesthetic, professional finish over stapling.
- Economical solution for documents with a short life expectancy. Tape binding is perfect for manuals and books that will be disposed of within a few weeks or updated and reissued, such as phone directories, routine reports and reference data.
- Provides tamper-resistance. With some binding methods it's easy to remove pages. Tape binding helps ensure that selected documents remain whole.
- Set-level job recovery. In the event of a jam or fault, the unit will complete the current bind in process and recover starting at the next set boundary, so full job integrity is preserved.
- Provides Xerox® DocuTech® customers with a great opportunity to consider the Xerox® Nuvera® or Xerox® D110/D125/D136 families with a tape binding solution they've come to appreciate.
- Can be combined with the Plockmatic Pro30™ Booklet Maker for even more finishing capabilities.

## Specifications

<b>Paper Size</b>	Binding Mode 216 mm x 279 mm with up to 22.86 mm tabs/covers or A4 (210 mm x 297 mm) with 223 mm tabs/covers
<b>Media Range (tape bound)</b>	60 gsm – 220 gsm uncoated (body and inserts) 90 gsm – 220 gsm coated and transparency (covers only) 60 gsm – 250 gsm uncoated (covers only)
<b>Binding Capacity</b>	15-125 Sheets / Book (75 gsm)
<b>Stacking Capacity</b>	30 Books (50 Sheets / Book : 80 gsm) unload while run
<b>Speed</b>	Up to 157 ipm
<b>Strip Cartridge</b>	100 Strips / Cartridge
<b>Strip Colours</b>	3 Standard Colours (black, white, dark blue)
<b>Dimensions</b>	Width: 850 mm; Depth: 715 mm; Height: 980 mm
