Xerox® Tape Binder
# Professional-looking documents made easy.

Produce professional-looking documents, easily and cost effectively, with the best performance in black and white. Now you can have it all: the high speed and crisp image quality of the Xerox Production Printers with the value and convenience of inline thermal tape binding.
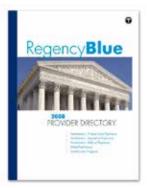

The benefits of a complete suite of inline finishing options are once again expanding to include fully automated tape binding – with the power and versatility offered by the Xerox Production Printers. The Xerox® Tape Binder adds greater scalability and finishing flexibility to these Xerox devices, enabling you to quickly and easily assemble and bind books for a polished, professional look.

The Xerox® Tape Binder is a modular accessory. It can accept processing from the printer to produce tape bound sets inline or, when not in use, allow sheets to simply pass through to other finishing alternatives. The tape binder finisher binds A4 or 216 x 279 mm sizes from 15 to 125 sheets. Tape colour options are black , white and dark blue. There's even a tab option with the Xerox® Tape Binder, so you can insert tabs to define sections in your tape-bound books for easy navigation.

With Xerox® EA Toner, black-and-white documents take on a whole new image with higher resolution, image permanence and a smooth offset finish that makes text, photos, charts and diagrams crisp and clean. This, combined with a wide media latitude, helps you achieve a new level of quality with every monochrome document you produce. And now the Xerox® Tape Binder offers yet another cost-effective inline alternative to finish the job.

Xerox® Tape Binder

Convenient control panel

EASY ACCESS FOR EASY OPERATION

Operating the Xerox® Tape Binder is easy, with controls that are designed to allow you to define job settings, view status and perform basic operation right at the point of need: the tape binder's Operator Control Panel. Changing binder tape strips is easier than ever with convenient, easy-to-load cartridges.

Easy-to-load tape cartridges

BINDING AND FINISHING OPTIONS ABOUND

It has been designed to run in two modes: Binding Mode or Bypass Mode. In Binding Mode, the unit performs its finishing function by assembling and binding books with the adhesive binder tape strips. In Bypass Mode, the finisher uses the bypass transport to simply pass sheets along to a variety of third-party finishing devices, to accommodate alternative tasks that range from hole punch, stacking, folding, cutting, booklet making, perfect binding and more.

TAPE BINDING BENEFITS

- The tape binder offers a convenient binding solution when documents exceed traditional stapling capacities. And tape binding adds an aesthetic, professional finish over stapling.
- Economical solution for documents with a short life expectancy. Tape binding is perfect for manuals and books that will be disposed of within a few weeks or updated and reissued, such as phone directories, routine reports and reference data.
- Provides tamper resistance. With some binding methods, it's easy to remove pages. Tape binding helps ensure that selected documents remain whole.
- Set-level job recovery. In the event of a jam or fault, the unit will complete the current bind in process and recover starting at the next set boundary, so full job integrity is preserved.
- Increase book productivity. The configuration of two Xerox tape binders in tandem is available on the Xerox Nuvera Production Printer.

SPECIFICATION	
Paper Size	Binding Mode 216 x 279 mm with up to 229 mm tabs / covers or A4 (210 x 297 mm) with 223 mm tabs / covers
Media Range (tape bound)	60 gsm-220 gsm uncoated (body and inserts) 90 gsm-220 gsm coated and transparency (covers only) 60 gsm-250 gsm uncoated (covers only)
Binding Capacity	15-125 Sheets / Book (75 gsm)
Stacking Capacity	30 Books (50 Sheets / Book : 80 gsm) unload while run
Speed	Up to 144 ipm
Strip Cartridge	100 Strips / Cartridge
Strip Colours	3 Standard Colours (Black, White, Dark Blue)
Dimensions	Width: 850 mm Depth: 715 mm Height: 980 mm
