Create professional-quality booklets at rated speed with a compact, affordable inline solution.

Plockmatic Pro50/35 Booklet Maker, manufactured by Plockmatic International AB

The Plockmatic Pro50 or Pro35 Booklet Maker is the production inline option for professional users who require booklets of the highest quality at rated speed — including the option to add colour covers and inserts. The Pro50/35's compact design allows customers to choose only the modules they need based on their applications. It can also be used as a walkup device in offline mode.

FEATURES

- **Cover Feeder (CF50/35)** (optional) — Can be used to add pre-printed covers to any configuration.
