Inkjet made accessible.

Think production inkjet is out of reach? Think again. The gap between high-volume xerographic presses and offset has been filled with an innovative series of entry-level inkjet presses from Xerox. Each has been designed to give you more choice when it comes to meeting emerging demands – profitably.

### Cut-Sheet Xerography
Short-run, fast-turn static and variable print on demand.

### Inkjet Printing
Productivity and cost champion for high-volume, personalized print manufacturing.

### Offset Printing
High-volume, longer-turn static print manufacturing.

---

The near-term forecast for inkjet volume is huge. And with systems from Xerox that let you print on a full range of media for a variety of applications, the opportunity to decrease costs and increase value is higher than ever.

Small footprint

Image quality automation

Flexible + scalable solutions

Each of our inkjet solutions is designed to maximize operational effectiveness while helping you add tangible value. Our presses make it easy to get started and grow with inkjet thanks to unique attributes:

**Xerox® Baltoro™ HF Inkjet Press**

The versatility of cut sheet—coated and uncoated—with the economics of inkjet, all with stunning 1200 x 1200 dpi quality.

**FULL COLOR on coated and uncoated papers:**
- **Sheet-fed inkjet**
  - **Rated speed:** Up to 300 A4/letter sized images per minute
  - **Resolution:** True High Definition 1200 x 1200 dpi
  - **Media size:** Min: 7.0” x 10.0” (177.8 mm x 254 mm); Max: 14.33” x 20.5” (364 mm x 520 mm)

**Xerox® Rialto® 900 MP Inkjet Press**

The productivity of continuous feed inkjet with the operational simplicity of cut-sheet digital.

**FULL COLOR on uncoated papers:**
- **Roll to cut sheet**
  - **Rated speed:** Up to 210 feet/min (64 m/min); 458 letter (431 A4) sized images per minute
  - **Resolution:** 600 x 600 dpi, 2 bit
  - **Media size:** Min: 8.26” (210 mm) wide; Max: 9.84” (250 mm) wide

**Xerox® Trivor® 2400 HD Inkjet Press (color)**

Maximum 20” web speed for highly productive mono printing; scalable platform architecture gives an easy path to color.

**MONOCHROME on uncoated papers:**
- **Roll-fed continuous feed**
  - **Rated speed:** Up to 656 feet/min (200 m/min); 2863 letter (2694 A4) sized images per minute
  - **Resolution:** 600 x 600 dpi; 1200 x 600 dpi (option); 360 x 600 dpi (option); VHQ mode (option)
  - **Media size:** 20” (510 mm) web width; 18.67” (474 mm) printing width

**Xerox® Trivor® 2400 HF Inkjet Press**

Maximum capacity in a minimized footprint – the perfect balance of cost, quality, and productivity in one adaptable 20” web system.

**FULL COLOR on uncoated papers:**
- **Roll-fed continuous feed**
  - **Rated speed:** Up to 551 feet/min (168 m/min); 2405 letter (2263 A4) sized images per minute
  - **Resolution:** 600 x 600 dpi; 1200 x 600 dpi (option); 360 x 600 dpi (option); VHQ mode (option)
  - **Media size:** 20” (510 mm) web width; 18.67” (474 mm) printing width

**Xerox® Baltoro™ HF Inkjet Press**

The versatility of cut sheet—coated and uncoated—with the economics of inkjet, all with stunning 1200 x 1200 dpi quality.

**FULL COLOR on coated and uncoated papers:**
- **Roll-fed continuous feed**
  - **Rated speed:** Up to 250 feet/min (76 m/min); 1090 letter (1024 A4) sized images per minute
  - **Resolution:** 600 x 600 dpi; 1200 x 600 dpi (option)
  - **Media size:** 20” (510 mm) web width; 18.67” (474 mm) printing width
