

Recommended Xerox Media for Xerox® Wide Format IJP 2000 - Europe

Version 1.0 August 2013

This supersedes any previous Recommended Media for Xerox® Wide Format IJP 2000.

Important Notes:

Media recommendations made in this publication are based on qualification tests conducted using standard test images with moderate to heavy image area coverage. Test machines are maintained within specifications defined by user documentation.

* Testing environment: Temperature 23°C±2, Relative Humidity range 20-50%.

Reliability is based on your operating environment and application mix.

Machine reliability specifications may be affected by high usage of heavyweight and specialty stocks. In addition, variances in machine reliability may occur due to extended use of some media types.

Warranty disclaimer:

Xerox makes no guarantees or warranties, either expressed or implied, concerning the performance, use or replacement of non-Xerox branded media or throughput products. Customers should inquire directly with their paper distributor or manufacturer for any guidance when purchasing a particular media product for the first time, customers are advised to purchase small quantities to ensure that their expectations are met. The quality of Xerox supplies is consistent from roll to roll and is backed by a 100% guarantee. The quality of non-Xerox branded paper may vary.
