Material Safety Data Sheet

Manufacturer: Xerox Corporation
Rochester, N.Y. 14644

Emergency Tel. No.: (716) 422-2177
Information Tel. No.: (800) 828-6571

Section I - Product Identification

Trade Names/Synonyms: Light Gray Aerosol Paint
Part No.: 96553, 96563, 96570

Chemical Name: None

Ingredients

Section II - Emergency and First Aid

Eyes: Flush immediately with large amounts of water for at least 15 minutes.

Skin: Remove contaminated clothing. Wash skin thoroughly with soap and water.

Inhalation: Remove from exposure. Observe for any difficulty in breathing.

Ingestion: Dilute stomach contents with several glasses of water.

Primary Route of Entry: Inhalation

Symptoms of Overexposure: Inhalation or ingestion poses maximal risk of severe respiratory distress by aspiration, as well as central nervous system depression. Prolonged or repeated skin contact may cause dermatitis.

Medical Conditions Generally Aggravated by Exposure: None when used as described by product literature.

Additional Information: Call physician. See Section VII. Further information on file in Poisindex.

Section III - Toxicology and Health Information

This material has been evaluated by Xerox Corporation.

Oral LD50: Non-toxic

Dermal LD50: N.D.

Inhalation LC50: Non-toxic

Eye Irritation: Irritant

Skin Sensitization: See additional information.

Skin Irritation: Irritant

Human Patch: N.D.

Mutagenicity: N.D.

Carcinogens: None present

Aquatic LC50: N.A.

Additional Information: Prolonged or repeated skin contact may cause dermatitis.

This product contains a toxic chemical(s) subject to the reporting requirements of Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40CFR Part 372.

1This product contains a toxic chemical(s) subject to the reporting requirements of Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40CFR Part 372.

2Based on toxicity data for components.

XEL: Xerox Exposure Limit

Form 58735 (10/84) STAR

N.A. - Not Applicable  N.E. - None Established  N.D. - Not Determined  600E29340
Section IV - Physical Data

Appearance/Odor: Light gray/methylene chloride
Boiling Point: 130°-250°F (54-121°C)
Solubility in Water: N.D.
Evaporation Rate: N.D.
Vapor Density (Air = 1): N.D.
Volatile N.D.% (Wgt.) 88% (Vol.)

Softening Range: N.D.
Melting Point: N.D.
Specific Gravity (H₂O = 1): N.D.
Vapor Pressure (mm Hg): N.D.
PH N.D.

Section V - Fire and Explosion Data

Flash Point (Method Used): -138°F (-94°C) T.C.C. for propellant
~4°F(-16°C)T.O.C. for paint.
Flammable Limits: LEL: 0.9 (Naptha)
UEL: N.D.
Extinguishing Media: Carbon dioxide, dry chemical, foam.
Special Fire Fighting Procedures: Water spray may be ineffective. Water may be used to cool closed containers to prevent pressure build-up and possible auto-ignition or explosion when exposed to extreme heat. If water is used, fog nozzles are preferable.
Fire and Explosion Hazards: Closed containers may explode when exposed to temperatures above 130°F (54°C).

Section VI - Reactivity Data

Stability: Unstable Stable
X

Hazardous Polymerization: May Occur Will Not Occur X

Hazardous Decomposition Products: May produce fumes when heated to decomposition as in welding. Fumes may contain oxide of carbon, irritants and acrid odors.

Incompatibility (Materials to Avoid): Strong oxidizers

Section VII - Special Protection Information

Respiratory Protection: In confined areas use approved respirator with filter designed to remove a combination of particulate and organic vapors.
Eye Protection: Safety glasses with side shields required.
Protective Gloves: Neoprene or rubber gloves recommended.
Other: Use adequate ventilation. Discard contaminated shoes. Remove and wash contaminated clothing before reuse. Use protective cream where skin contact is likely.

Section VIII - Special Precautions

Handling and Storage: Keep containers tightly closed. Isolate from heat, electrical equipment. Do not store above 120°F (49°C). Use adequate ventilation or approved respirator in confined area.
Conditions to Avoid: Isolate from sparks and open flames. Closed containers may explode when exposed to temperatures above 130°F (54°C).

Section IX - Spill, Leak, and Disposal Procedures

For Spills or Leakage: Remove all sources of ignition. Ventilate area. Absorb with inert absorbent, sand and non-sparking tools. Keep spills out of sewers and open bodies of water. Floor may be slippery.
Waste Disposal Method: Do NOT incinerate. Send solvent to a licensed waste disposal company or reclaim facility in compliance with local, state, and federal regulations.

Section X - Transportation Information

DOT Proper Shipping Name: Consumer commodity
Hazard Classification: ORM-D
ID Number: N.A.
