XEROX DOCUSHARE GO DIGITAL MAIL SOLUTIONS

Speed up the processing and distribution of incoming mail in your mailroom by digitizing and automating operations with Xerox DocuShare Go Digital Mail solutions. Sales, Human Resources, and Accounting/Finance departments rely on swift and seamless inbound mail delivery.

Digitize and Revolutionize Mailroom Operations

Modernizing traditional inbound mail processes in converting physical mail into digital formats streamlines mail distribution, improves security, and enables easier access and tracking.

Automating Digitized Mail

The digitization and automation of inbound physical and digital mailroom processes transform traditional mailroom operations, expediting the processing and distribution of mail while enhancing accuracy.

Improved Mail Compliance and Management

Improve compliance with industry mail regulations and data security standards. Easily monitor document versions and touchpoints with thorough audit traceability.

Secure Access & Streamline Workflows

Empower more seamless hybrid workplaces with secure access, storage, and efficient retrieval of digital mail, optimizing business workflows and enhancing productivity.

Insightful Summarization

With the help of digital mail summarization, individuals can promptly organize and recognize relevant documents for processing.

Collaborative Discussion

Collaborate more efficiently by utilizing the built-in chat discussion associated with each inbound mail, resulting in faster response times that expedite document processing.

Managing incoming mail correspondence effectively is crucial in today's fast-paced business world. You can achieve better results by digitizing and automating your inbound mail correspondence with Xerox® DocuShare® Go Digital Mail Solutions.
