

# Technology Should Make Teamwork Easier, Not Harder

Xerox IT Solutions ensures smooth communication, reliable connections, and secure collaboration so your team can focus on what really matters.

## UCAAS IMPLEMENTATION

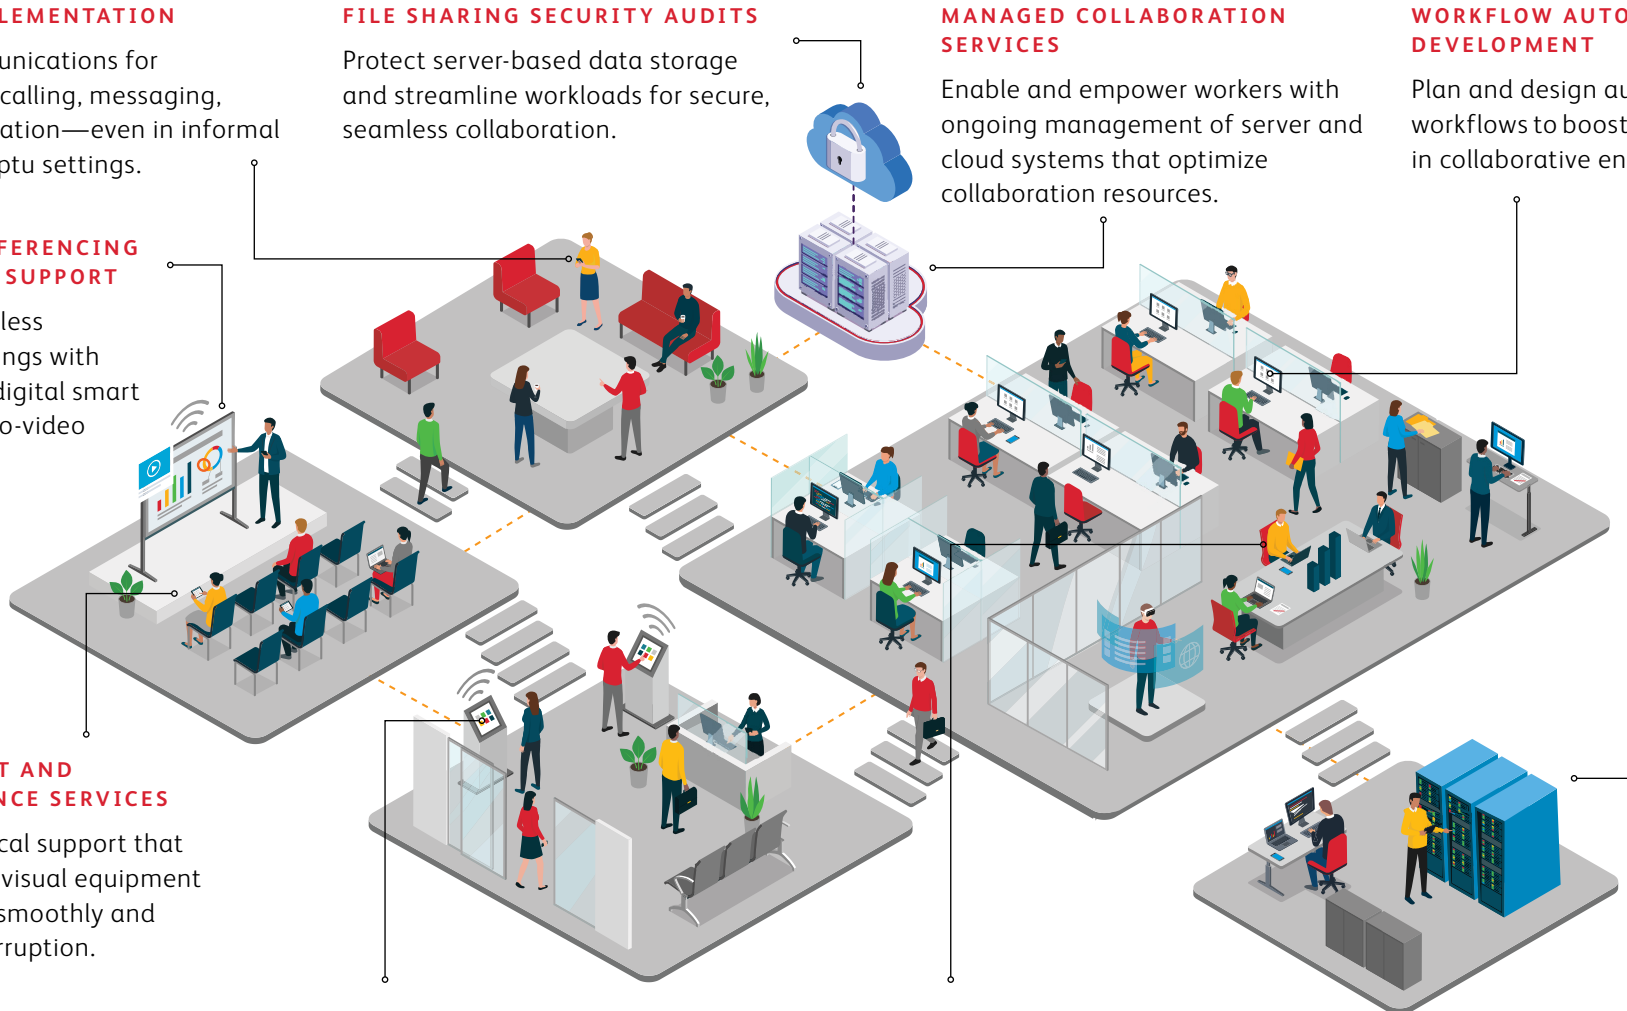

Unify communications for streamlined calling, messaging, and collaboration—even in informal and impromptu settings.

## VIDEO CONFERENCING SETUP AND SUPPORT

Ensure seamless hybrid meetings with support for digital smart boards, audio-video equipment, and more.

## AV SUPPORT AND MAINTENANCE SERVICES

Enjoy technical support that keeps audio-visual equipment functioning smoothly and without interruption.

## FILE SHARING SECURITY AUDITS

Protect server-based data storage and streamline workloads for secure, seamless collaboration.

## MANAGED COLLABORATION SERVICES

Enable and empower workers with ongoing management of server and cloud systems that optimize collaboration resources.

## WORKFLOW AUTOMATION DEVELOPMENT

Plan and design automated workflows to boost productivity in collaborative environments.

## INTERACTIVE DIGITAL DISPLAYS

Transform engagement in collaborative spaces with cutting-edge interactive digital displays.

## VOICE OVER INTERNET PROTOCOL (VOIP) SYSTEM DEPLOYMENT

Install and maintain phone systems that integrate seamlessly with connected work platforms.

## REAL-TIME COLLABORATION INFRASTRUCTURE

Support advanced tools like Artificial Intelligence (AI), Virtual Reality (VR), and data-hungry services for real-time communication and file sharing.

# Seamless Collaboration for Agile Teams

Our IT solutions simplify collaboration by unifying tools and workflows. With Unified Communications as a Service (UCaaS), file-sharing security audits, and workflow automation, we streamline communication into a seamless experience. Employees can easily access video conferencing, real-time chat, and shared platforms to boost productivity and innovation.

Our scalable, friction-free solutions keep your workforce connected, aligned, and focused on achieving your goals.

### ENTERPRISE-GRADE COLLABORATION SECURITY AND PERFORMANCE

Enterprise collaboration tools must be secure, efficient, and cost-effective. We provide managed services that protect communication, optimize costs, and ensure peak performance. Our collaboration superpowers span:

**Collaboration Platform Management:**  
Proactive updates and minimal downtime.

**File Sharing Security Audits:**  
Robust data protection across your entire data ecosystem.

**Customer Relationship Management (CRM) Tool Integration:**  
Seamless, secure workflows for customer-facing teams.

Enjoy secure, high-performing collaboration tools tailored to your needs.

**Xerox IT Solutions:** Proven expertise delivered with a frictionless client experience.
