

Your Business Never Takes a Break—Neither Should Your Network and Security Infrastructure

xerox IT Solutions

Explore self-healing networks with enterprise-grade security and reliability with Xerox IT Solutions.

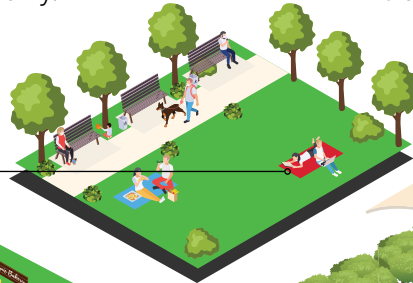

WIRELESS SITE SURVEY AND DESIGN

Optimize Wi-Fi coverage for uninterrupted wireless connectivity on mobile devices.

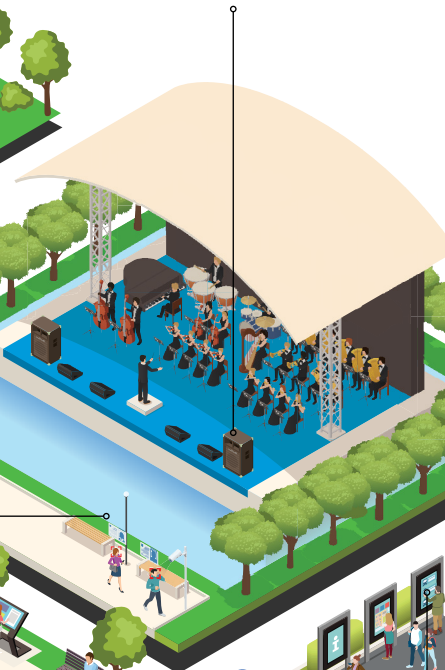

NETWORK ASSESSMENTS

Restrict access to highly sensitive data to authorized roles only.

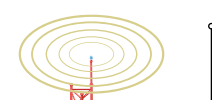

NETWORK SEGMENTATION DESIGN

Protect front-line systems from cyberattacks that could disrupt operations.

24/7 NETWORK OPERATIONS CENTER (NOC) SERVICES

Monitor and manage around the clock with Artificial Intelligence for IT Operations (AIOps)-enabled networks that prevent downtime and protect critical services.

CLOUD NETWORK SECURITY

Protect sensitive data that's stored or accessed via the cloud.

POLICY AND COMPLIANCE AUDITS

Ensure the handling of sensitive data complies with industry-specific regulations.

MANAGED FIREWALL SERVICES

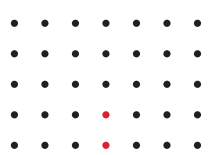

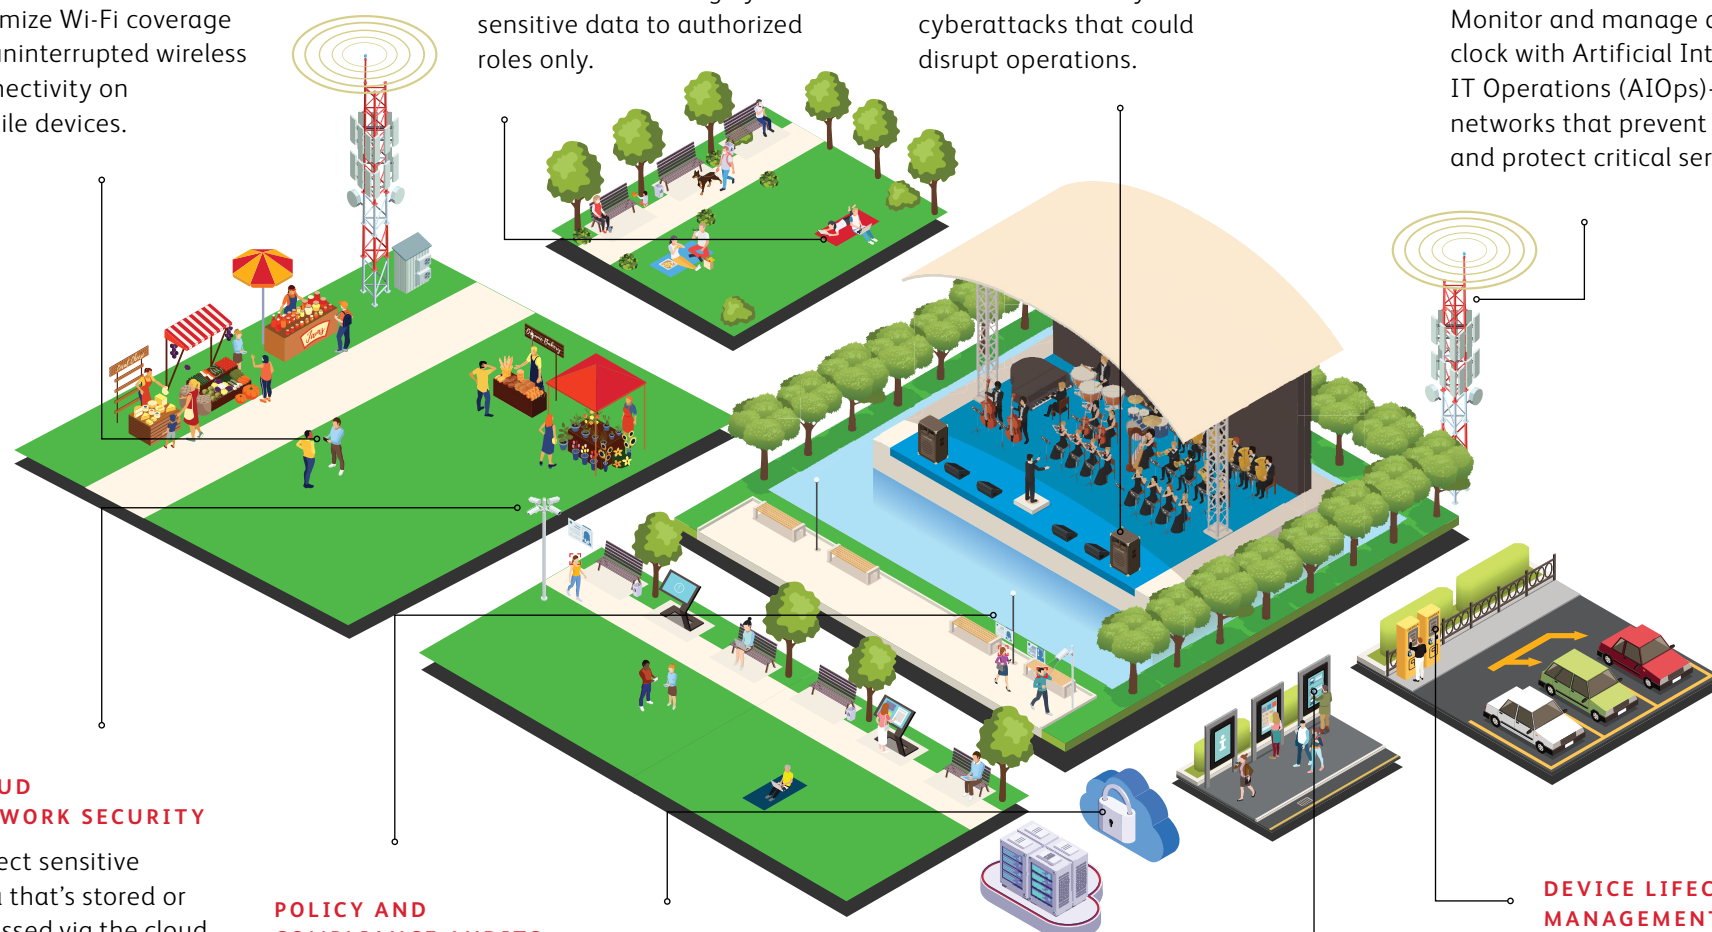

Shield your infrastructure from external threats and gain visibility into encrypted traffic.

SOFTWARE-DEFINED WIDE AREA NETWORK IMPLEMENTATION AND DESIGN

Ensure fast, reliable, and secure connectivity for mobile workstations and devices.

DEVICE LIFECYCLE MANAGEMENT

Deploy, customize, and manage fleets of kiosks, displays, mobile devices, and tablets with frictionless security and firmware updates.

Seamless, Secure Connectivity Anywhere

Networking and Security Services by Xerox IT Solutions ensure uninterrupted, secure access to critical resources, empowering teams to stay productive around the clock. From managed firewall services to SD-WAN implementation, our solutions and technology partners support robust, high-performing connections.

With proactive threat intelligence and 24/7 NOC support, we remove obstacles so your business can focus on achieving its goals.
