

Financial Services

Moving to Digital Interactions Can Boost Your Bottom Line

More than half of financial services organizations are improving data security, mobile printing, and document workflows simply by digitizing. See how you could do the same.

1,021 companies in the US, UK, Germany, and France were surveyed.
Survey conducted by Coleman Parkes and commissioned by Xerox.

INDUSTRY DIGITAL READINESS INDEX

Beginner

Advanced

Plans to Digitize

66% have started to digitize paper processes.

12% will start digitization of paper processes within 1–3 years.

34% have implemented digitization plans.

32% are advanced in digitization of paper processes.

Departments Prioritized to Go Paperless

IT and Finance Departments to benefit most from digitization.

22%

agree that IT is one of the top departments that should be digitized first.

Security Strategies Inclusive of Printers/MFPs

Hackers can access networks via printers/MFPs.
