

Recommended Xerox Media for Phaser 6180N, 6180DN, 6180MFP, 6280N, 6280DN, 6280MFP

For use in the US and Canada

Revision 3, Publish Date: January, 2010

Important Notes:

All media is listed by product, machine run mode, weight (standard gsm), re-order number, size, and tray runability. The additional information column is for hints and tips on how to run certain media applications.

Media recommendations made in this publication are based on qualification tests* conducted using standard test images with moderate to heavy image area coverage. Test duration for each product/media type is based on the suggested machine monthly copy/print volume. Test machines are maintained within specifications defined by user documentation.

* Testing Environment temperature range of 60-75 deg. F, Relative Humidity range 20-40%.

*Machine reliability specifications may be affected by increased usage of the Transparency, Card Stock, Label, and Special modes. In addition, variances in machine reliability may occur due to extended use of some media types. Your Xerox service representative can advise you on special application media types for long duration copy/print runs.

For specifications and a description of the various media types discussed in this publication, please refer to www.Xerox.com.

For additional recommended Phaser media, look under Supplies on: <http://www.office.xerox.com/> and select your Product Family.

WARRANTY DISCLAIMER

Xerox makes no guarantees or warranties, either express or implied, concerning the performance, use or replacement of non-Xerox branded media or throughput products. Customers should inquire directly of their paper distributor or manufacturer for any guarantees they may offer. When purchasing a particular media product for the first time, customers are advised to purchase small quantities to insure that their expectations are met.

The quality of Xerox supplies is consistent from ream to ream, carton to carton, and it is backed by a Xerox 100% guarantee. The quality of non-Xerox branded paper may vary from ream to ream or carton to carton, so for optimum performance on Xerox color equipment, use only the best—Xerox Supplies. To learn more about the benefits of using Xerox Supplies, please contact your Supply Account Manager or call, in the US 1-800-822-2200 and in Canada 1-800-668-0199 (English) or 1-800-668-0133 (Français).
