![Metered Supplies Registration: Error](image)

Troubleshooting Self-Help Box

When a user registers for a metered Xerox.com account for a given serial number, the zip code they enter must match (exactly) the zip code on file for the serial number. As a result you may receive the above error message to have this association created. You can accomplish this by emailing the serial number(s) to: USA.Metered.Supplies.Web.Order@Xerox.com.

You will receive an acknowledgement email within two business hours. (If you sent your serial numbers after normal operation hours, you will receive an acknowledgement email two business hours after re-opening).

Note: This email link is unmonitored and only creates serial number/email associations. There is no capability for any other type of request.
