

# Xerox® AltaLink® B8000 Series

## Environmental Life-Cycle Assessment

### Secondary Data Sources

In order to comply with EPEAT option annual corporate declaration criterion, a full environmental life-cycle assessment (LCA) of the Xerox® AltaLink® B8000 Series devices was conducted.

The LCA covers environmental impacts from raw material extraction through final disposal and is third-party reviewed in accordance with ISO/TS 14067 (Greenhouse gases – Carbon footprint of products – Requirements and guidelines for quantification and communication).

**The following list indicates all secondary datasets used from the Ecoinvent v3.1 database.**

Acrylonitrile-butadiene-styrene copolymer, GLO, market for
